

KNOW HOW TO PITCH a tent? Well, these girls, and a lot of others, learned how the job is done before last week was out at the Trikena Girl Scout camp. The Trikena Neighborhood is made up of troops from Mokena, New Lenox and Frankfort, including Arbury Hills and Lincoln Estates. The tent pitching drill had a practical use Friday. Twenty tents were set up for the Juniors and Cadettes who spent the night in the forest preserve.

BRIDGE BUILDERS--Junior and Cadette Girl Scouts joined in the project of constructing a bridge at the Trikena Hideaway, as the day-camp in Van Horne Woods was called. The bridge was made of tree trunks and limbs but when this picture was taken the girls still had a lot of work ahead of them before completing their task.

Urge Mokena Voters To Back Water Bond Issue

Residents of Mokena will vote a week from Saturday --on July 31--on a proposal to authorize the village to issue \$105,000 of general obligation bonds to meet the costs of improving and ex-

tending the present waterworks system.

The village hall will serve as the polling place and voting will begin at 6 a.m. and end at 6 p.m.

Persons who will be out of

town on election day during the hours the poll will be open can vote in advance by obtaining an absentee ballot from Village Clerk Alvin Sorensen no later than next Monday, July 26.

Members of the village board who are unanimous in their support of the bond issue declare that the improvements are necessary. They ask public support. One of the items proposed is the drilling of a new 14-inch well and connecting it with the present storage tank with an 8-inch main. Repairs to the storage tank also are required and if a new well is drilled a pump house will have to be built and a pump installed.

State law requires installation of a chlorinator to safeguard the water, the village points out in a pamphlet which it distributed to the citizens this week and a master meter is needed to control distribution and make it easier to discover leaks.

Approximately 8,100 feet of new six and eight inch mains would be installed, some of them in areas where there are no mains now.

Without a second well and pump the residents of Mokena would be in a serious predicament if anything happened to the present well or pumping equipment.

According to the pamphlet the tax increase that would follow approval of the bonds, based on the current equalized assessed valuation would be 19.5 cents per \$100. Thus a property owner whose home has an equalized assessed valuation of \$6,000 would pay \$12.87 more a year. An increase in the valuation of the community would result in reducing the tax, it was stated.

CAR STOLEN

A 1964 Buick Wildcat convertible owned by Kenneth Meskill, Lincoln Meadows, Frankfort, was reported stolen from the driveway alongside the house on Tuesday night of last week.

One of 7 Crash Victims Buried At N. Lenox Monday

Funeral services for Carl W. Drehle, 50, of 131 W. Illinois st., New Lenox, one of the seven persons killed in a four-car crash on U.S. 66 last Saturday morning, were conducted from the Baskerville chapel at 10:30 Monday morning to Grace Episcopal church, New Lenox, at 11 o'clock. The Rev. James L. Harper officiated. Burial was in Maplewood cemetery.

Mr. Drehle, who was an operating engineer for the Contracting and Material Co., of Evanston, which is laying a large natural gas pipe line from Mazon to Chicago, had been a resident of New Lenox for the past five years.

He was born at Norborne, Mo. in 1915, and was a member of the International Union of Operating Engineers, No. 150, and of Local 75 of the Laborers union, Joliet. Surviving are his wife, Daisy, a step-son, Richard A. Upton, of Oklahoma City, a step-daughter, Mrs. Dolores Mackey, of Arcola, Ill., and four brothers and a sister who reside out of state.

There is speculation as to whether Mr. Drehle had suffered a heart attack of a stroke, or some other sudden illness. He had left home Saturday morning before 6 o'clock, his usual time, to go to work near Mazon in Grundy county.

He apparently made the wrong turn onto U.S. 66 (as FAI-55 it is a controlled access highway at that point) from the Lorenzo road grade separation and headed north in the southbound lane.

The fatal crash--described by Coroner Willard G. Blood as one of the worst he had seen in Will county--oc-

curred about three and a half miles north of the Lorenzo road, or 17 1/2 miles south of Joliet, about 6:30 a.m.

Prior to the crash Drehle is alleged to have sideswiped another southbound car and two other cars traveling in that direction were steered off the pavement to avoid collision.

Drehle's car was torn to pieces when it collided head-on with a car driven by Mrs. Ferne (Roscoe) Amrine, 58, of Glen Ellyn. The Amrine car spun into the path of a Buick carrying four Chicago men. Drehle's car went up in the air after striking the Amrine vehicle and came down on top of a station wagon driven by Franzebert Calvert, 49, of Broadview.

Mrs. Amrine and her sister, Miss Carrie L. Bryan, 63, of Chicago, were killed as were the four Chicago men, Michael C. Fleming, 24, Dennis Selfert, 21, William J. Bianchi, 22, and Michael Kommer, 20, of Colonial Village. Fleming was home on leave from the navy.

Calvert, his wife, Geraldine, 46, and their son, Robert, 8, escaped with cuts and bruises but two passengers in their car, Mr. Calvert's father, Elmer, 78, and Mrs. Calvert's mother, Mrs. Elbria Ryan, 65, were hospitalized in St. Joseph at Joliet.

The Amrine car caught on fire after the crash but the flames were extinguished by State Trooper William Bailek. Wreckers had to be used to pull the women's car and the Buick apart so the bodies of Mrs. Amrine and her sister could be removed. Two of the men in the Buick were thrown out of the car and two were trapped inside. It was not determined who was the driver.

BURROS SAY THANKS

As originator of the Mokena Burros Midget football team, I personally want to thank everyone for their wonderful comment about our team and float in the 4th of July Days. We had to have a lot of help which we received, and we had to have support which we also received from you, the public. You opened your pocket-book to our booth, and made it possible for us to field two teams (100 lb., and 120 lb.) in the southwest Midget Football League. We are something short of our projected goal, but I feel we will make it thru an advertising program which we will be working on soon. First of all, I want to thank the combined effort of the Chamber of Commerce and the Lions for making the event possible, our helpers, Marv Hufstutler our Barker; Jim Craft; Bob Pierson, our idea man; our president Norm Patterson; Bill Ryan; Mel Moutrey, all of the boys who helped; Al Sondergaard; Bob Fortmann; all of the boys from Arbury Hills who helped without any connection with team; and last but not least thanks to Dale Booble for throwing all those footballs, and creating so much interest. We thought at one time that he was going to break us, but he missed, and we stayed in business.

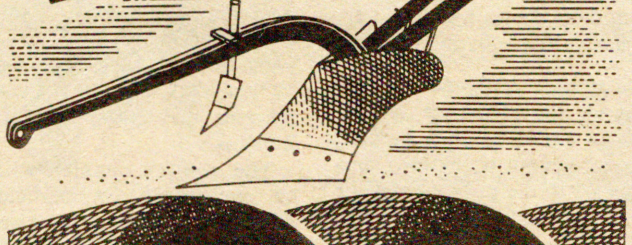

The \$100 bond was won by Clarence Gerrie. He also won a \$50 bond. Other bonds were won by Dick Muehler who donated part of his bond back to the team, and Mary Zagar of Joliet, one of our players' grandmother (Terry Ryan).

Our share of auction thanks to Doris Moutrey was \$36.00. Our thanks once again to a generous community. These boys certainly do appreciate your helping their program.

Tentative Budget For Mokena Schools Is Set At \$289,005

A total budget expenditure figure for the Mokena public schools amounts to \$289,005. The board of education has tentatively approved the budget. It will be available at the Mokena State bank for inspection by the public, and a public hearing will be held at Willowcrest school at 7:30 p.m. on Aug. 23. Interested citizens are welcome to attend.

The budget includes \$212,587 for the building fund; \$35,939 for bond and interest payments; \$11,668 in the transportation fund; \$2,650.00 for the Illinois Municipal Retirement fund, and \$6,706 in the working cash fund.

Estimated revenue totals \$345,955, \$243,802 in education fund, \$29,685.00 in the building fund, \$51,314 for bond and interest payments, \$10,679 in transportation fund, \$3,769.00 for Illinois Municipal Retirement fund, and \$6,706 in working cash fund. Expected income will come from the following sources: local taxes, general state aid, special education aid, federal Title III NDEA reimbursement, and from student fees and rentals.

The \$46,950.00 revenue over expenditures is due to the fact that tax collections were late and threw part of last years budgeted revenue into

this years (1965-66) budget. Anticipation warrants and interest-bearing teacher's orders in the sum of \$60,000 must be redeemed, so the board of education may need to borrow money to meet expenses again this year. An

educational rate increase is necessary. The Board plans to ask voters to approve a 21 cent increase this fall. The present rate is 86 cents per \$100 of equalized assessed valuation.

Complete Teaching Staff For Mokena Grade Schools

The Mokena board of education hired its last teacher for the 1965-66 school year at a recent meeting. Due to resignations and new positions seven new teachers will teach Mokena students beginning this fall.

Mrs. Jeanne Burroughs and Mrs. Rita Schilling have been hired to teach second grade. Mrs. Burroughs recently moved to Mokena with her husband. He is a cost analyst for the Rock Island Railroad. Mrs. Burroughs completed her teacher training at Iowa State college, receiving her degree in June, 1964. This will be her first teaching position.

Mrs. Schilling has been a resident of Mokena for the past four years, has four years of teaching experience; one year at Missouri and the past three years in the Arbury Hills school. Her teacher training in-

cludes work at Southwest Baptist college, Dolibar, Mo. Baylor university, Waco, Tex., Southern Illinois university, correspondence work from University of Illinois and Kansas State Teachers college, Emporia, Kans. Mr. Schilling is band director for the Tinley Park high school. They have one son, John, who is in the sixth grade at Willowcrest school.

Mrs. Virginia Fuley has been hired to teach fourth grade. Mrs. Fuley received her degree from the University of Chicago. She has recently completed additional teacher training at St. Francis College at Joliet. This will be Mrs. Fuley's first teaching experience. Mr. Fuley works at the Ford Motor Company at Chicago Heights. They have two children, Hans in the second grade at Carpenter Street school and Nancy, a fifth grade student at the same school.

Eugene Dilworth and John McCarthy have been hired to teach fifth grade classes. Mr. Dilworth lives in New Lenox. He is married and the father of three children, Darlene, a fourth grade student at Oakview grade school, Rollin, an eighth grade student at the same school, and Keith, a sophomore at Lincoln - Way high school. Mr. Dilworth received his degree from the University of Illinois. He has been associated with the farm bureau and most recently with the Illinois Dairy Association. This will be his first teaching position. Mr. McCarthy has one year of teaching experience at St. Jude's parochial school in Joliet. He received his degree in teacher training at Lewis College, Joliet. He is presently residing in Joliet.

Miss Judith McClain, Chicago, has been hired to teach girls' physical education and health. She completed her teacher training at Quincy college and received her degree this past June. Miss McClain is working at a girls' summer camp at Delavan, Wis. She will move to Mokena when school opens.

Richard Quinn has been hired to teach history and geography and assist in coaching. He received his teacher training at the Illinois State university at Normal, and received his degree this June. Mr. Quinn's home is in East Peoria, but plans to move to Mokena before school begins.

School fees may be paid any time during the summer to avoid the long lines on the first day of school. The school authorities further encourage all newcomers to the district to register their children as early as possible. It has been suggested that neighbors may remind new neighbors to register their children for school.

CARS COLLIDE at dangerous intersection, U.S. 45 and 191st street, just east of Mokena. Luckily no one was seriously injured. Miss Pamela Hemphill, of Momence, a passenger in the car driven by James O'Connor, of Bradley, was taken to a doctor's office for treatment of cuts and bruises. O'Connor and the driver of the other car, Archie Estes, 19345 S. Oak, Arbury Hills, escaped unhurt. Estes, heading west on 191st had stopped for U. S. 45. He said he did not see a car and started up. There is a grade to the south of the crossing and west bound drivers do not see northbound cars until they have started down and the distance is short. O'Connor was traveling north. He tried to swing off to his left to avoid the collision but the right front of his car caught the Estes car about the middle, bending the frame. The windshields of both vehicles remained intact. The accident occurred about 9 a.m. last Monday. The O'Connor car is at the rear of the picture, the Estes vehicle in the foreground. (Graphic Newspapers photo)

END OF THE DAY--girls at Trikenia day camp met in a big circle under the trees before leaving for home each afternoon, for songs and games. It was a very short week, they agreed, and were ready to start all over again come this Monday but the women who served as--well as mothers serve--were glad to think of taking up their household tasks again so they could rest.

Arbury School Board Hires Superintendent

Kenneth H. Webster, who has been serving as principal of Lane school at Alsip for the past five years, has been appointed superintendent at Arbury Hills.

He was chosen by the board of education as the successor to H. James Wrath who resigned this summer to take the post of assistant county school superintendent.

Mr. Webster, it was pointed out has a good background for an educator. As an anthropologist he has studied man, his origins and cultures and he also has studied education. He has masters degrees in both subjects

from the University of Chicago. He received his bachelor degree at Wheaton college.

Mr. Webster taught in the Berwyn schools four years and at Downers Grove for five.

He is 49 years old and he and his wife, Dorothy, have four daughters and a son. The eldest, Maurine has graduated from high school and is now in nurse's training at Copley hospital, Aurora; Phyllis is a high school freshman, Mildred and Laura are in junior high and the boy, Kenneth R., is in third grade.

Asks Ill. Bell To Extend Toll-Free Area At Mokena

The Mokena Chamber of Commerce has filed a petition with the Illinois Bell Telephone Co. asking for an extension of the free-calling area.

The petitions were left at various public places by Fred Lehmann, executive secretary of the Chamber of Commerce. When he collected them last week end they bore approximately 300 signatures.

The petition asked that the free-calling area be extended to include Joliet and Chicago Heights specifically but it was believed that if the proposal is found acceptable that other communities would be included also.

Mokena telephone customers now can only call New Lenox and Frankfort without paying toll. Both of these towns have a considerably enlarged calling area. Only recently was Frankfort's

free calling territory to include Joliet, Chicago Heights, Tinley Park and other communities.

At a meeting of the Mokena Chamber several weeks ago Kenneth Ratcliffe, manager of Lockport district, Ill. Bell, which includes Frankfort and Mokena, explained that after a petition asking augmented service is filed the company makes a check to determine the number of calls are made on an average within the proposed area. If the company finds the number of calls sufficient it asks the Illinois commerce commission for permission to extend the service. If that permission is granted the telephone company proceeds with the necessary hook-up.

It will be months, it was pointed out, before Mokena will know the status of the petition.

Plan Extra Activities For Baseball Leagues

MRS. EDWARD HOVI
Telephone 479-5740

A joint meeting of the Arbury Hills Boys Baseball League and their Women's Auxiliary was held at the home of Mrs. William Roach on Tuesday evening, July 13.

A report of the proceeds of the booth at the Mokena three day festival for the holiday was given with the net profits being over \$150.

Several plans were formulated for treats for August for the boys of the baseball league and their families.

A family bowling party is scheduled at Art's Bowling establishment in Harvey with the A Team and their families on Aug. 17, the B Team and the Babe Ruth Team are scheduled on Aug. 18, and the two farm teams on Aug. 19. All boys and their families are invited to attend at their leisure on the appointed nights to bowl three free games.

This event is followed by a family roller skating party at the same location for all the boys and their families on August 26.

The Farm team of Bud Cumbee's boys played Lincoln Estates at our field on Friday, July 9 with a disastrous results. They ended up on the very short end of a 21 to 6 score.

The A Team of nine to twelve year olds played two games last week with unhappy returns for both games. New Lenox field saw our boys lose to the home team 5 to 2. It was a well played game on both sides.

The second game was not so close, to put it mildly. The final score was whispered to be 21 to 5.

The B team of nine to twelve year olds also played the Mokena team and ended up an 8-8 tie in a four inning game.

The week saw two children become one year older. Little Kim Riesbeck, daughter of Mr. and Mrs. Frank Riesbeck of 19320 South Oak

St. celebrated her fifth birthday with a children's party of some of her friends.

Miss Patti Burdett, daughter of Mrs. & Mrs. Robert Burdett of 9442 West Hickory St. also celebrated a birthday with a small splash party in her back yard wading pool. Young Miss Burdett is now a grown lady of three.

The Arbury Hills Kindergarten Organization has taken a final tabulation of their effects and are completely moved out of the school. Mrs. Edward Williamson is the new president of the Arbury Hills Civic Association succeeding Richard Schwarz, who has moved away. She had been vice president.

Novak's Homer Gives Blues 9-8 Victory

A seventh inning, three run homer by Marty Novak gave the Mokena Blues a 9-6 victory over Frankfort on July 16 at Mokena. The exciting game saw the Blues jump to a 5-0 lead in the first inning on consecutive hits by Tim Shanahan, Bill Kennard (double), Dave Wallace (triple) and Novak. But Frankfort gave evidence of why they are in first place as they held the Blues to one single by Bill Ryan through the next five innings and scored two runs in the second and three in the third to tie the score. Ryan scored an unearned run for the Blues in the third thru a walk, two stolen bases and an error. Frankfort tied it up again in the top of the seventh on a double by Otto and an error, and it looked like that might be the ballgame when Mokena followed a lead-off single by Mike Shewski with two infield outs. But following a single by Wallace, Novak came thru with a tremendous hit to center field to drive in the winning runs.

Both pitchers did a good job as errors figured in the scoring on both sides. Loser Larry Batson allowed eight hits and struck out 6 batters, while Dave Wallace gave up six hits and struck out five for his fifth win against one loss. He now has an ERA of 1.05 for 40 innings of work.

Kohlbacher and Kohlhagen each had two hits for Frankfort and pitcher Batson had a single and scored a run. Wallace and Novak each had two hits for the Blues.

The same night, the Mokena Reds and New Lenox State Bank played to an eight inning tie before darkness set in and the game will be replayed.

On July 13 Manhattan defeated the Reds 9-8 in a game shortened by darkness to five innings. Winning pitcher Dailey and teammate

The Frankfort Township Democratic Women's club held an informal meeting at the home of Mr. and Mrs. Emereth Boyden on South 80th ave.

A potluck luncheon was had at noon, after which the members and guests heard a talk by Martin Gleason, Joliet, Democratic central committeeman of the 14th Dist.

Mr. Gleason recently returned from a trip to Russia and his words showed a keen insight into conditions there. His discussion was enlivened by many anecdotes of his own experiences and those of others. The next meeting of the club will be on Wednesday, Sept. 15.

The place of the meeting will be announced later.

Gleason Talks To Demo Women On Reds, Taxes

"There are some signs that the Russians may be 'mellowing' in their acceptance of western visitors," said the speaker at a luncheon meeting of the Frankfort Democratic Women's club. The meeting was at the home of Mrs. E. W. Boyden, 80th Avenue, Frankfort.

The speaker was Martin J. Gleason, 14th district Democratic committee chairman, recently returned from a visit to Moscow and other parts of the Soviet Union.

He described the changes in the Kremlin power structure and told of some of the internal problems within communist bloc countries. Gleason expressed the hope that increased exchanges between the American and Russian people would assist in fostering "a deeper sense of international understanding" by both peoples.

He also noted changes in the Soviet Union in the direction of "capitalistic democracy, on both the economic and political levels.

"There are great pressures on the Soviet com-

munist hierarchy to provide more personal choice and freedom to the Russian people," he observed.

Gleason feels that this nation is considerably ahead of the Russians "in all phases of development," but that it will be necessary for us to make tremendous strides in the field of education in order to maintain our advantage.

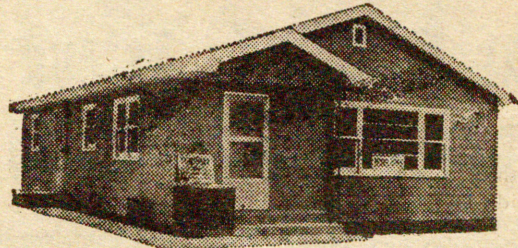

Relating this point to local conditions, he said it will require "massive public support of education in order to win the ideological war against the communists.

"In Illinois," said Gleason, "we will have to restructure our tax system."

He came out strongly for the abolition of the personal property tax, and urged the substitution of an equitable and just tax program "that will levy taxes after due consideration of the ability to pay."

Present Illinois taxes, he continued, in effect, constitute a graduate state income tax.

"Bells Of St. Francis" Tells 100-Year Story Of Academy Sisters

Alerting everyone within the radius of Joliet to the four-day production of "The Bells of St. Francis" is the job of the hundred-man cast in this once-in-a-century project slated for July 31, Aug. 1-3 curtain at St. Francis Academy.

This is a unique piece of artistry, especially constructed for the occasion - letting people of the area know the work of the Sisters of St. Francis, located at 520 Plainfield avenue and taken very much for granted since their establishment in Joliet in 1865.

A just-right balance of song, dance, and script makes the hour - and - a-half program entertaining, as well as illuminating. Everyone seems to be in it, as Joliet neighbors are beginning to agree -- everyone from tots, teens to middle-aged matrons and sep-

tuagenarians.

The eight-scene work is knitted together by a commentator in the style of the Stage Manager in Thornton Wilder's Classic American "Our Town." As the "Man of Joliet," John J. Lukancic of 1305 Highland ave. is a central figure.

Since the production revolves around the lives of the Franciscans, the Sisters themselves have provided the homespun materials. Sister Miriam Clare is author, while Sister M. Teresine created the musical score. Sister Alexander and Veronica designed the set, while Sisters Clare Edward and LaVerne are producing and directing.

This is far from being an exclusive nun-production, however. Peter Labella, director of the Joliet Sym-

phonette playing for the occasion, stands behind the score. Roy E. Johnson is chorus master, while Mrs. Jack Powell is doing the choreography.

Tickets may be obtained from the College of St. Francis on Wilcox & Taylor or from St. Francis Academy directly at \$2 for adults and \$1 for children.

Katschke Sentence Affirmed

(CHS) Three-year jail sentences imposed in May, 1964 on Kenneth H. Katschke, former president of the Tinley Park Savings and Loan Association, and Paul E. Pickle, president of Central States Mortgage Co., Posen, and several construction firms, were affirmed Friday by the United States Court of Appeals.

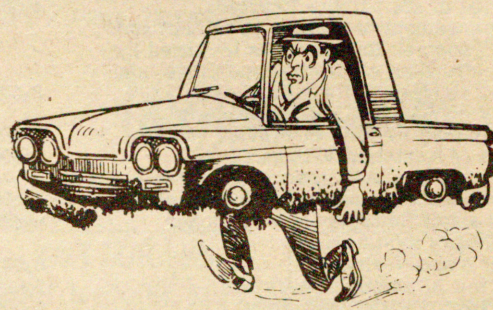

In a brief six-page opinion, written by Judge Elmer J. Schnaekenberg and concurred in by Judges Win G. Knoch and Frederick O. Mercer, the appeals court upheld the findings of U.S. District Judge Hubert L. Will in a week's bench trial, saying:

"Defendants contend these findings are clearly erroneous. We reject this contention. They are amply sustained by the evidence. We hold that defendant Katschke, aided and abetted by defendant Pickle, unlawfully and willfully misapplied funds of Tinley Park and converted them to his own use. We find no error committed by the District court as charged by the defendants."

Government evidence in the case was that \$350,000 disbursed July 26, 1961, by Tinley Park, ostensibly on a real estate loan to A.D.K. Enterprises, was actually used to buy stock of the Chatham Bank of Chicago, of which Katschke became board chairman. This loan was replaced by one for

\$440,000 on Aug. 30, 1961. Defendants contended there was no actual loss to Tinley Park.

**Wish I'd Said
THAT**

The bridal business is booming in the United States... Purchases from first marriages have brought four billion dollars worth of sales to the retail industry... And the market is growing... In 1967, weddings totaled 1,720,000... In 1965, 70 million more are anticipated... By 1970, the market will have exploded to an estimated 2,110,000 marriages... The average first bride spends about four thousand dollars on everything from apparel, home furnishings and accessories to insurance and travel...

A new army of news hounds armed with the latest equipment will be prepared to give on-the-spot coverage to their newest venture... More than 2,000 Girl Scouts who take in the Idaho Senior Roundup next month will act as accredited correspondents for newspapers and radio stations in their hometowns... Special texts will serve as newspaper offices and recording studios... The scouts will tape interviews to send to local radio stations and they will also set up a ham radio operation that will span the globe. It is expected that more than 4,000 tape recordings and 6,000 newspaper stories will be filed...
